## **Brokers Explain Recent Break in Grain Prices**

## By WILLIAM FERRIS

CHICAGO, Feb. 12. (#) Want to ing, took what in trade jargon to "confirm" state claims to sub-price break over the past couple wheat short and bought July corn Hammond is chairman of the of weeks? of weeks? long

luced the technical situation. Short the future which looks the weakest and long the future which looks the strongest.

situation. Cash corn and corn futures looked as if it would advance Cash corn and corn futures more than May wheat in any gen-slipped below the estimated government price support level here ernment price support level here above the loan. It couldn't ad--S1.56 a bushel—around the time a record 1948 crop came in. Wheat and oats, both cash and futures, had done the same thing earlier in the year. Speculators remembered that, after dipping below the loan, and if prices dropped it was shown again. And if prices dropped it was after dipping below the loan, and an would go down above the loan. It contain the total the title of the several states of the Union to submerged lands within their borders" and to de-fine and delimit territorial waters of the United States. The Supreme Court in 1947 ruled that the United States had -\$1.56 a bushel—around the time

after dipping below the loan, after dipping brow the back above the loan, would go to the above it as the year got further more than July corn, below the above it as the year got further loan. So, this spread—short May away from the harvest period and less wheat came to market. It hadn't come to market because farmers had sealed it on their BUYING CUSHIONS FALL farms under the government This speculative buying of

CORN INVITING

Corn futures priced below the loan locked very attractive to speculators. It seemed that here was a sure thing. For the profit, put up money to carry the crop. As it happened, speculative buying didn't stop the break. It prices back to the loan level.

cember, speculators bought corn futures at prices under the loan

## Wholesale Index at Year Low

NEW YORK, Feb. 12. (P) The advanced. Associated Press index of 35 house was unloading corn, a lot wholesale commodity prices of other speculators, big and litstayed close to its 194849 low tle, decided to do the same thing. Stayed close to its 194849 low tle, decided to do the same thing.
