1. HAS SCIENCE DISCOVERE HOW MAN CAN BETTER UNDERSTAND WOMEN?

Yes. Dr. Rex Hersey has dis-covered all men and women can meet life's problems and trou-

29 days. Then they have about five days when good news does not make them happy and they don't recover from bad news.

However, this cycle in women is

not related to their periodic, physiological cycle. Often this does not depress them but a few

days later they go down in their emotional trough and nothing peps them up. Husbands should

understand their wives' happiness cycles. I explain all this in my new book, "New Techniques of Happiness."

No. When the constituted au-

thorities declare the nation is in danger, and war the only alter-

native, the conscientious object-or is violating his own solemn

covenant to defend the country with his life. His vote for the nation's leaders was a covenant to abide by their judgment in national emergencies. He is stak-

HAS ANYONE A ORAL RIGHT TO BE "CONSCIENTIOUS

ing the lives of his fellow men—who are trying to save him-from his folly—against his own

Answer to Question No. 3

No exact studies have been made but over 300 researchers

show all good qualities tend to go together, and that brilliant

people are better morally and more stable emotionally than the average. So this may indi-cate they feel pain—nature's

danger signal more keenly, but also that they can control

it better. Sociologist E. A. Ross thinks the Chinese feel pain less

than other races because they have suffered so much the high-

ly sensitive strains have been weeded out.

THIS COUNTRY needs a 7½cent coin midway between
the nickel and the dime. Conthe nickel and the dime. Coninstance, or the 10 cent candy

ments make very clear sense.

The best argument, we think, candy bars and in some cities 7 is that a 7%-cent coin, once and 8-cent bus fares—an assortwardly groping for a single coin as a convenient common denom-inator. The 7½-cent piece would be intended to fulfill the unitary function the nickel used to fill, and note that, as inflation goes, it would be a cheap nickel, up only 50 per cent, hereas most prices have ranged 80 per cent upward wherever they have not been hampered by the con problem.—San Francisco Chron. problem.—San Francisco Chronicle.

MODERN AGE

WE'VE DISCOVERED a differ-

Except as change for a dime, the nickel today is progressively becoming one of the unemployed. We already have the ment of intermediate prices awk-

Cullinan Diamond **Data Told**

by Dick Turner Questions, Answers

By HASKIN

reader can set the answer to any ion of tact for writing the cong h Press-leignam information but 316 Evs St. N. E., Washington 2, Please enclose three (3) cepts for b postage.

Q. BY WHOM WAS the great .Cullinan diamond discovered? W.F.

A. The stone was discovered in the Premier mine, South Africa, in 1905 by Mine Captain Frederick Wells who dug it out with his pocket knife. For his find he received a bonus of \$10,-000. The diamond was as big as a man's fist and subsequently was split into the two greatest finished diamonds ever cut. Leftovers provided more than 100 additional cut gems. The stones are part of the crown jewels of England.

Q. How many persons are es-timated to have viewed the inauguration of President Truman on television screens? H. E. W. A. It is estimated that 10,-

000,000 people in 16 cities saw the program of events as they were presented and many more when the video was repeated at

Q. What is the popular saying about a child who is born on a Sunday? A. T. H.

A. "A child that is born on the Sabbath Day, is fair and wise and good and gay." This is the last line of the rhyme which begins, "Monday's child is fair of

Q. What causes the colors seen in soap bubbles? R. O. R. A. The colors seen in soap turned her from a quiet Georgia bubbles are due to the interfernewspaper feature writer into ence of the light waves reflected an internationally famous figfrom the two surfaces (inner

Q. How much is the proposed Western Hemisphere census of 1950 expected to cost? T. R. M. A. The cost of the inter-

American census is expected to run from 100-150 million dollars, with each country financing its own operations.

Q. How did tatooing become co popular in the Navy? F. F.

Johnny, George, Harry, or Bill?"

ONE WAS ENOUGH

'Gone With Wind' Author Has No Time to Write

By HAL BOYLE

been anything but a breeze an. for Margaret Mitchell since she

completed "Gone With the Wind" 13 years ago. Her sensationally successful first novel an internationally famous fig-

ure.
Since 1936 her book has sold some 8,000,000 copies in 40 countries and 30 different languages. Only the Bible outsells her. And today people of Georgia are much more reconciled to that

much more reconciled to that fact than Peggy herself.
"I didn't start out to be an international lawyer—but I have had to become one," said the plump, blue-cycd creator of Scar-let O'Hara and Rhett Eutler.

Today her novel is still selling more than 50,000 copies a year in America—and probably an equal number overseas, and that is what keeps Margaret busy. For the duty of checking care-fully into foreign sales of her novel has forced her against her

ATLANTA, Feb. 21. (P) Life has will to become a business wom-

Those details were handled by her husband, John Marsh, until he was stricken with a heart atrack three years ago. He is now recuperating. And for that Margaret Mitchell says she is more grateful than she is for all the fame and fortune her novel has ame and fortune her novel has brought her.

As a matter of fact her world renown has changed her not at all. And she is particularly grateful to her friends for not letting her success go either to her head or theirs.

"They treat me just as they always did—and that I appreciate," she said.

ate," she said.
She is a little amused at out of town visitors who expect to find her in a mansion with tall white columns and staffed with "seventeen Negroes saying, Yes, Little Missy." She lives in a She lives in a five-room apartment, and her only servant, Bessle, the cook,

By Jay Alan WHAT OTHERS ARE SAYING

WE SHOULD teach children cold-bloodedly what the mathematical chances are of be-ing successful in any gambling vetnture. There's no such thing as something for nothing. The

odds are all against it.

C. C. Trillingham, county school superintendent, Whittier, Calif.

has been with her family a couple of decades.

Writing a best-seller compelled her to hire a secretary to answer her mail. And she is still awakened occasionally at night by a drunk calling long distance to ask the color of Scarlet's hair. Patiently she gets down her

own copy of the novel and reads the passages saying that her heroine had black hair. The re-

"That costs me fifty bucks," moans the drunk, "I bet Scarlet had red hair. Are you sure she

Margaret is sure—even though ne hasn't read her own book all the way through since it was published in 1936. She is still amazed and disconcerted at its success—because she thinks both Scarlet and Rhett are fundamentally immoral people. She dislikes and disapproves of

She disuses and closers both of them,
"The book is popular now with teen agers," she said. "But when I was that age my parents wouldn't let me read a book of that character."

that character."

Mrs. Marsh—and that's the name she likes best—is financially fixed for life. But she is annoyed over two things: Rumors that she is secretly writing another novel and that "Gone another novel and that "Gone With the Wind" was an off-hand

product of her leisure.
"I have a hundred more novels
I would like to write," she complained mildly. "But the business of the complained mildly." plained mildly. "But the business details of my first book still take all my time. Nobody believes that—but it is true. I

am not writing another book.

"Many people have the idea that I just sat down at a type-writer one day and whipped out my novel. They think writing is that easy." is that easy.

"Actually I began writing at the age of six years. I worked 12 years on Gone With the Wind and threw away a lot of novels I had written before that. "I wrote the first chapter 71 times before it was accepted, and once more after that. I would still be rewriting it if they

would still be rewriting it if they had let me.
"I am a story teller. I am not interested in style. I wanted to write simply—and that takes hard work. But people today aren't interested in work."

Margaret Mitchell still is.
