## Lightning Stroke Odds **Very Small**

By HASKIN

A reader can get the answer to any quanton of fact by writing the Long Beach Press-Priegram, Information But Team, 315 Mye St. N. E., Washington 2. D. C. Plense enclose three (3) cents for return postage.

Q. WHAT ARE the chances of a person being killed by lightning? R. L. W.
A. The National Bureau of Standards has found that the chance of an individual being killed by lightning is 1 in 375,000 This is an average figure, and does not represent the risk if a does not represent the risk if a person exposes himself to cer-tain conditions favorable to lightning stroke.

Q. Should a bride rehearse her wedding? B. B.
A. The bride surpervises her wedding rehearsal, but traditionally does not take part in it. A friend or relative usually is asked to be her understudy.

Q. How should a boy's corduroy trousers be washed? P. H. M.
A. Prepare a suds of lukewarm water and soap. Souse the garment up and down in the suds until clean, rinse in several waters, and hang dripping on the line. Do not wring, because it mars the material. When dry, brush with a soft brush. Do not iron.

Q. When were dentists made commissioned officers in the Navy? F. C.

A. The Department of the Navy says that the Dental Corps of the Navy was established and authorized by an Act of Con-gress on Aug. 22, 1912. The first two dental officers were commissioned on Oct. 26 and Oct. 28, 1912.

Q. Where does Latakia tobacco come from? I. N. T.
A. Latakia is grown in Syria and derives its name from the city and district where it is produced. Small quantities of this dark, richly aromatic fire-cured tobacco are blended with Amer-
