By HASKIN

er can get the answer to any quan-fact by writing the Long Seech begran Information Bureau, 118 N. R., Washington S. D. C. aclose three (3) cents for return

Q. WHO originated the saying. "First come, first served?"

1540; the author is Henry Brinkelow. Ben Jonson also used the phrase in "Bartholomew Fair," Act 2, Scene 5.

Q. How large was the largest sturgeon ever caught in Lake Champlain? A. E. L. A. The Fish and Game Service

mately 80 pounds.

O. What is the solution in which potatoes are dipped before

1070

"I don't know, why I'm gaing to so much trouble for this guy, he's never seen me before anyway!"

REGARDLESS OF PAYOFF

At Least, Pyramid Clubs Helped to Sell Doughnuts

make much dough out of the pyramid club craze, don't feel lonesome.

It's dollars to doughnuts that more people got doughnuts than

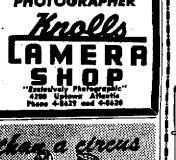

Because at most of the parties launching pyramid clubs you at least got a doughnut and a cup of coffee. It is another matter how many people, for the \$1 they plunked down, got back twelve days later the \$2000 they hand for

twelve days later the \$2000 they hoped for.
For very, very few seem to have worked their way to the top of the pyramid—people being what they are, and dollars being what they are.
But the doughnut industry did well indeed. It is still doing well in areas just being infected by this modified version of the

to Origin

A. "First come, first served" is found in the "Complaint of Roderick Mors," Chapter 17. The work was published about

of the State of Vermont says that the largest one on record from Lake Champlain weighed 198 pounds and was somewhat over six feet in length. Each year this lake produces between three and five tons of sturgeors. The males average about 55 pounds, the females approxi-

planting? A. M. G.
A. All potatoes for planting

should be disinfected by soaking two hours in a solution of one pint of formaldehyde to 30 gallons of water, and after treatment should not be allowed to come in contact with old sacks or barrels that might reinfect them. A formaldehyde-gas treatment, adapted to the disinfection of entire cellars at one time, has been tried, but for the average grower the treatment by soaking is to be preferred.

DIAL-LITES SUNDAY

Today is the first in the new daylight-saving time changes, which in the past has created a great deal of confusion by the The networks now are trying a system of recording and playing back, which allows the program to be heard at exactly the same as in the past. ns in the past.

12:45 p. m.-KNX--The New York
Philharmonic Symphony, under
the baton of Leopold Stokowski,
will be heard at a new time today only. 4:06-KECA — An opportunity to kiss the fabled Blarney Stone will be given to the winner of the \$21,000 "Stop the Music" pro-

petitively out of the \$24,000,000,-

At last, it appears, some use

gram.
4:30-MFI—More troubles with Phil
Harris and Alice Faye, as Phil
decides to give the public a break
and appear in a movie. It's Alice
that they really want, but offer
Phil a part to get her. Phil a part to get her.

up 100 per cent.

"One chain of 28 doughnut shops has sold more than 500,000 extra doughnuts." day men and women are greatly attracted to each other. But this "I talked to some coffee peo-ple, too. They say their busicannot possibly be more than some physical attraction—some-thing about each other's voice, manner or, above all, appear-ance. Love nearly always begins ness is up, but not as much as There are no reports available as to the impact of pyramid' club parties on the aspirin marthat way. But real love—interest in another's life and welfare, desire to live with them, bulld a

ket—although certainly all the hangovers weren't financial. Word of this latest American home, rear children together is a spiritual and emotional achieveinvestment fad swept quickly around the world. There was no great reacton in Egypt, where pyramids have held buried hopes for a long time. British ment that takes time. Answer to Question No. 2 Yes, better, on the average. Psychologist L. M. Terman gave a battery of seven character tests to several hundred "gifted children" age 8 to 14, with IQs newspapers expressed a polite 140 or higher. The average IQ is 100. He concluded (paraphrased): their character averaged above ordinary children on all seven tests. They are less Bull have been slow to take it up—either through a one of dollars and doughnuts or a surplus of common sense.
