## "The dollars I worked for now work for me ... and at 7.8 %"

Fred Hauer 120 Atkins Ave. Lancaster, Pa.

Surplus funds, invested in dividend-paying common stocks, produce a second income for this Lancaster family.

The Hauers are one of twenty-three families living in a single block on Atkins Avenue, Lancaster, Pa. Of these twenty-three families, thirteen have put their surplus funds to work in dividend-paying common stocks...and are experiencing the practical satisfactions of investment.

These families en jo

in dividend checks. They are also building an estate - an incomeproducing estate, made up of shares in companies whose products and services are household terms.

Opportunities for productive investment of surplus funds in securities are open to everyone...and information about them is yours for the asking. The prudent investor bases his judgment on these facts, for he knows that there is an element of risk in ownership of any form of property.

Member Firms of the New York Stock Exchange can help you put your surplus dollars to work. They welcome the opportunity to provide information that will assist you in making investment for income a part of your personal financial program. No cost or obligation, of course.

Fred Hauer, who works for the Hamilton Watch Company, with his grandson. The Hauers own common shares in four companice, all listed on the New York Stock Ex-change, which are paying them dividends at the rate of 7.8% on their original investments
