A year of the sum: *L*. M. V. A. The primary reason that show horses and saddle horses are kept out of the sun is be-cause all flies and stinging in-sects which trouble horses are more active during the sunny pe-riods of the day. Insects are very worrisome to the horse, and when it is pastured during the heat of the day it usually spends most of the time fighting flies and accomplishes little in the way of eating.

Q. Are there places in the ocean where the water is fresh? L. O'B.

A. Although the depths of the oceans are saline, there is evi-dence to show that fresh water springs do exist on the bottom Examples are the fresh water springs off Crescent Beach, Fla., springs off Crestent Beach, Flat, in latitude 29 degrees 46 minutes N., longitude 81 degrees 12 min-utes W., and off Port Sophiko, Gulf of Athens.
