## Sen. Soaper Says:

'AT TIMES Our Harry and his program seem oddly remind-ful of the woman driver, amazed at the recklessness of all those oncoming motorists in the one-way street.

Told that California scientists have come up with a three-eyed lizard, the old lush seemed unimpressed, having just sidestepped a pink elephant with a log-light.

Someone now advances the Idea that the B-36 is too big to be any good. And for Molotov's benefit, the same is being insinuated of Red China.

"Guilt by association" seems to cover anything up to having your name on the same page in the paper as some subversive's.

happened. My wife and I spotted that huge sale at Bar-ker's Annex. Everything a person needs at prices below y I've seen anywhere. Bedroom, living room, ichen — they have furniture r every room in the house prices that seem too good be true—even in California. e're all settled now in our w home. Didn't put myself bird the eight built on de it whome. Don't ball to do it her. Why, we got a big inge chair for \$29.50, a din-z room set consisting of tht pieces for \$139.50, a fourbedroom set for \$49.50. lose are real down-to-earth ices, you'll have to admit. We've been in California for activ 23 days now-thanks Barker Bros. Seems in-dible to me that Barker's build have any furniture left the low prices they're ask-g. But sometimes a guy's busy looking into the other y's back yard that he hasn't time to see his own green ss. Me, I'm just a lucky ginner! ARKER BROS.
