fabrics . . . has been discovered by the people who make famous Johnson's Wax! And now this fabric wax, called Drax. is added to special starching elements to bring you Brisk . . . a remarkable home laundry finish that gives washables a brand-new look every time they're tubbed!

The invisible particles of wax in Erisk blend into the fibers of any woven material leaving a finish that's far smoother, far more lustrous; a finish that has real body and crispness, yet none of the scratchy feel the most careful starching gives!

Use Brisk on shirts, dresses, aprons, blouses, pillow cases, napkins . . . anvthing you formerly starched. You'll find Brisk gives a crispness that lasts. And Brisk provides extra protection against wilting and wrinkling. Against soiling, too. Dirt and most stains can't readily penetrate. They wash out quickly, without hand rubbing!

#### AND SO EASY TOO!

Just add warm tap water to a half cup of Brisk ... swish for an instant ... and your mixing is done. Then dip garments in the Brisk solution . . . squeeze while immersed . that's all!
