### Computation of Overtime Pay Aired on KTSA

New methods of computing overtime pay under the federal wage and hour law amendments will be explained for employers and employes in this area by a government official during a special program to be broadcast at 2 p.m. Saturday by Station KTSA.

Jack G. High, who represents the wage and hour and public contracts divisions, U.S. Department of Labor, in this area, will be the speaker on the second of a series of special programs dealing with the amendments recently enacted by Congress.

He will explain how the new amendments clarify such problems as the "overtime on overtime" issue raised in the longshore industry; what constitutes true overtime pay and what constitutes premium pay; how to compute pay for excused absences and for certain days of the workweek, and the first definition for the term, "regular
