### Czech Mormons to Take Over as Americans Leave

PRAGUE, Czechoslovakia, Feb. 18. (AP) Eleven American Mormon missionaries will leave Czechoslovakia next week to comply with a Czech government ruling forbidding foreign missionaries to work here.

Wallace Toronto, head of the Mormon Church in Czechoslovakia, announced plans for departing of the Americans, but said the church would continue to function in the country.

Toronto said the work of the church will be carried out entirely by Czechs.

Toronto declared the policy of sending American Mormon missionaries out of the country will continue until the work of the church is entirely in the hands of Czech converts.

The move, he added, had nothing to do with the recent arrest of two young missionaries on charges of "entering a prohibited area."

These missionaries, Stanley E. Abbott, of Lehi, Utah, and C. Aldon Johnson, of Idaho Falls, Idaho, were arrested Jan. 28 as they traveled through Moravia to visit church members living near the Polish border.

Toronto said eight of the departing missionaries will go to the United States, two to England, and another to a mission elsewhere.

Two other missionaries will remain here with me to facilitate their departure," Toronto asserted. "Then my wife and six children will leave. I will remain here as long as possible."

He said that under Czech church laws all officiating clergymen and heads of religious sects must be Czechoslovak citizens.

### Protestants Considering Christian Responsibility in American Economic Life

DETROIT, Feb. 18. (AP) Leading Protestants from across the nation today began a full conference discussion of Christian responsibilities in economic life to take home to their churches.

Delegates meeting under the auspices of the Federal Council of the Churches of Christ in America put finishing touches on preliminary recommendations which will be acted on over the week end.

Yesterday a discussion group on freedom of enterprise and social controls voted that extensive use of taxation to reduce inequalities in income is desirable from a Christian and an economic standpoint.

The group, headed by Victor G. Reuther, a Methodist who is educational director of the C. I. O. United Automobile Workers, approved a statement that it is a responsibility of a Christian society to assure all persons, without discrimination, full access to modern medical care and other health services.

Reuther ruled out discussion on the Truman administration health program and other specific proposals on the ground that conference procedure called only for delineating areas of responsibility.

MANCHESTER, N. H., Feb. 18. (AP) Dr. Hermann N. Sander, charged with murder in the so-called "mercy slaying" of a cancer-stricken patient, waited in strict seclusion today for opening of his trial Monday.

### Coast Population Boost Foreseen Adding 10 Solons

WASHINGTON, Feb. 18. (AP) Rep. Ellsworth (R-Ore.) said today that if current population estimates are borne out by this year's census, Pacific Coast representation in the House will increase by 10 members.

Of the 10, he continued, California will get eight, giving it 31 members, Oregon one, giving it five members, and Washington one, giving it seven members.

"During the first week of the next Congress (January, 1951) the allocation of 'house members' to the states will be formalized and state legislatures notified," he told a reporter.

"Then it will be the duty of the Oregon legislature to remake the present Congressional district boundaries so as to provide five districts instead of four."

He said it is possible for a House member to be elected from a state at large but added the practice is generally frowned upon.

The House membership is set at 435, where it was pegged after the 1910 census.

After the last census, redistribution of seats was made by the House with some states losing members while others gained.
