Bill Doudna's About Atoms

TIP O' THE MORNING: The experts haven't had much to say about it lately, but the word on the West Coast is that nationwide television won't be available until 1952. or perhaps later, largely because of the astronomical costs. Hereabouts, the date for Madison TV is still estimated at what we told you last summer-sometime in 1952.

Through drama, dance, lecture, and movies, the story of the su per-bombs and their effects on you and me were told to an invited audience Monday night in Bascom theater. The presentation of the New Plays theater, titled "In Time

of Fear," will be repeated tonight or another invitation group.

Movies set the stage and brought down the curtain on the symposi-um. The first was "One World or None," a warning of the A-bomb's potential of destruction; the last was "Picture in Your Mind," a plea for the unity of man as a bar international scene. It had some

io destruction. highly original moments, an effect Prof. C. H. Sorum of the University of Wisconsin chemistry department gave as brief and clear an exposition of the principles of the atomic and hydrogen bomb as one could wish, complete with apparatus to help explain atomic energy The apparatus, incidentally, ranged from a rat trap to a Geiger

Four one-act plays were devoted to phases of our world problem— greed, fear, suspicion, and preju-

Most effective were a bit by two Central junior high school boys— Nicholas Brown and George Colletti-and a playlet by the Stough

Nicholas and George were completely natural but theater-wise (they didn't let a minor mishap get them down) in Dore Reich's wellwritten play about how false fear can cause one to lose what he wants most.

Adeline Bjoln, Bill Rinehimer and Edward Baumgartner of the Stoughton group did well with
