Here's How the GENERAL CHEF combination saves you money

APARTMENTS-Small apartments become more livable and easy to rent when equipped with the attractive all-purpose General Chef. MOTELS-Motels and other rooms for transient trade need General Chef to compete for the available business.

OFFICES-Coffee, cream, ice cubes and other modern business luxuries take less time and are more convenient with an office General Chef.

CABINS-The utility of a summer cabin or resort is increased many times at low cost by installing a General Chef.

> GENERAL CHEF gas cooking and electric refrigeration combination

Here's the General Chef model for use where gas is the most convenient for cooking. It has f fuil size cas burners, uses natural manufacturad or butane gas. The entire unit, including the 4-cubicfoot electric refrigerator, has a gleaming white finish. The top is porcelain and the burners are easily removeble for cleaning

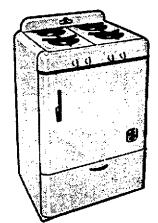

GENERAL CHEF electric cooking and refrigeration combination

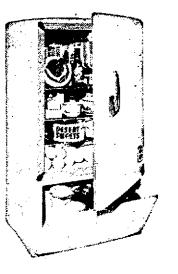

The all-electric General Chef is available in two models. The 115-volt unit has two 850-watt burn-ers. The 220-volt model has one 1250-watt and one giant 2100-watt burner. Like the gas model, the top is porcelain—it removes for easy cleaning.
