eras, comedies, tragedies, as well onette, and the number of strings as plays written especially for the attached to the puppet determines as plays written especially for the small actors themselves. In Salz-burg, noted for its music festi-vals, one set of puppet performits versatility.  $(1^{-})$ 

of a full orchestra and the singing of real opera stars. In America, while wandering companies are recorded before the middle 1700s, puppet shows had a limited appeal at first. The art had a revival in the United States during the early 20th cen-tury, but it remained for the current boom to make puppet history. This country now has one of the world's few exclusively puppet-making factories, turning out annually nearly 50,000 toy

actors for use in educational proj-ects, for children's play, and pro-Three main types of puppets are those manipulated (1) by hand, with fingers controlling the head and arms of the figure; (2) by rods, whereby one rod moves
