6:00—KFI—"My Son, My Son," the story of a novelist who tries to give his son all the advantages he himself missed in his youth. The result is tragically ironic. Herbert Marshall, Angela Lansbury and Roddy McDowall play the leads.

6:00—KNX—Charles Boyer has a little black bag containing \$200,000 in cash and no recollection of how he got it in "The Case of Henri Vibard" to be presented on the "Suspense" program tonight. After years in a rest home he has a visitor a woman who claims to be his wife and serving a life sentence for a murder he committed. tence for a murder he committed.

a murger he committee. The 52nd presentation of "Dragnet" will relate how Sgts. Joe Friday and Ben Romero are called to investigate the shooting of a woman. She has been killed in an exchange of

shots between a stick-up man and her husband.

60 KECA—High in the heart of an Alpine glacier lies a secret worth millions to the finder. The one man who is aware of it must wait 32 years for the glacier to make its inexorable move must wait 32 years for the glade. A chance meeting leads David to bring the treasure to light. A chance meeting leads David Harding "Counterspy" to that remote spot in the exciting adventure titled "The Case of the Frozen Fortune."

venture utied The Case of the Prozen Fortune.

100—KHJ—Clyde Beatty destroys an ingrained superstition of East African natives by proving that the white lion is not a God ... but simply an albino.

Naturally, North would

prefer to hold more than one dia-mond. He would also prefer to

hold greater strength outside of his long spade suit. However, North cannot pick and choose. He must decide on the basis of the

nand that he actually holds.

In match point play, North

wants to make as many points as possible. As all tournament players know, a difference of 30 or 40 points, which is unimportant at rubber bridge, is the difference between a good and a poor score in tournament play.

in tournament play.

North should reflect that a game in spades or notrump would

probably be worth in the neigh-borhood of 450 points for his side.

(Three hundred points for the game and the rest for the trick

score.) However, if North and South can set the opponents two

tricks, they will get 500 points. This is more than North and

South could hope to score by playing the hand themselves.

Moreover, even if the hand will not produce a game for North and

South, it may still produce a one

trick set of two diamonds. This would be worth 200 points, more than any part-score contract that North and South could expect to

North should therefore hope

that if his partner's hand is good enough to produce a game, it will

be good enough to set two diamonds two tricks; and that if it is not good enough to produce a game, it will still be good enough

the dedication of the Poly Hutch canteen building at Pine Ave. and Willow St. at 8 p. m. Monday was accepted today by city officials.

However, Mayor Burton W. Chace said he and City Manager Samuel E. Vickers will be unable to accept the invitation because both will be in San Francisco.

The canteen was built at a cost of \$31,499 on city-owned land. It will be used as a recreation center by Poly High School students.
