Return of 'DX' Fever

By WILLIAM L. DOUDNA (State Journal Radio Editor) Remember when, in the early days of radio, just about everybody was a DX fan? "DX" was a code term meaning distance, and the folks who were serious about their radio listening vied with each other over the number of distant stations they could get.

This receiver handles both long and short wave, operates on either battery or line, either AC or DC, and handles either 110 or 220 volts. It has two antennas—a collapsible one like your car radio's and a loop that can be attached to a wall or window.
