Where Is SAM SELLUM?

Of course, he's at the Plaza cooling off-because he knows that there he can have his air as he likes it . . . Hot or cold, and Sam prefers it cold these hot, sultry days.

At the Plaza, you, too, can have your air as-you-like-it, because there is both warm and cool air "piped" to your room continuously the year-round. Simply dial the temperature to your taste.
