### Oklahoma City TV Pattern Seen Here

Vernon Edwards, proprietor and technician of a radio and television store at 1218 Magnolia Ave., was mystified yesterday when he tuned in a new, 22-tube, 16-inch screen TV set and received a very clear test pattern telecast from Station KDYL in Oklahoma City. Nothing in his training or experience would explain TV reception from that distance.

During the more than 30 minutes he had the Oklahoma City station "on" his screen, Station KSL, Salt Lake City, repeatedly "cut in," also. Video technicians from other local stores rushed to the Magnolia address to witness the phenomena and seek an explanation.

### 'Red Robin Hood' Badly Wounded
