## Nixon Preparing GI Pineapple Firm Takes Vote Legislation Products Off Market

WASHINGTON, Aug. 11. (UP) Congressman Richard Nixon (R-Calif.) said today he is preparing legislation to protect the rights of servicemen to vote in the Nov. 7 election. The legislation, which Nixon said will be introduced "immediately," will be patterned after the World War II law enabling servicemen to cast their ballots.

HONOLULU, Aug. 11. (UP) The Hawaiian Pineapple Co. announced today that it has withdrawn canned pineapple products from the market until a system of allocation can be set up as a result of threatened excessive demand. The company said the action was necessary to preserve stability in the marketing of Dole products.

## Power 'Windfall' Proves to Be Player's Downfall

By OSWALD JACOBY  
 Written for NEA Service

"THE TROUBLE with you," observed North reflectively, "was that you couldn't stand prosperity."

"You're perfectly right," said South ruefully. "I had a little more than I needed, and it killed me."

This quiet conversation was quite accurate. Prosperity had indeed gone to South's head and had caused his downfall. West opened the ten of diamonds and South won with the ace. He now conceived the bright idea of leading towards the king of clubs in the hope that East held the ace. He therefore led a trump to dummy and returned a club.

As it happened, however, when South played the king of clubs, West won with the ace and speedily led a second round of trumps.

At this point South had three losing clubs in his hand and only two trumps in dummy. There-

they said that too much prosperity had caused the defeat of the contract. If South had held take a trump out of dummy before beginning the clubs. He simply could not afford to take a trump out of dummy before beginning the clubs. He simply could not afford to take a trump out of dummy before beginning the clubs.

On winning the first trick with the ace of diamonds, he would have led a club immediately from his hand. Even if the opponents returned a trump, dummy would still have three trumps to take care of the three remaining clubs in the South hand.

South could have done the same thing of course, even though his clubs were headed by the king. However, the king was the "prosperity" that he could not stand. By entering dummy with a trump in order to lead a club,
