TIP O' THE MORNING: After the football season, look for Frank Sinatra to do a one-hour disc jockey show Saturday afternoons on CBS.

Kenneth J. Slane, Rte. 3, has won membership in the DX Century club, exclusive society of amateur radio operators who have made two-way, short-wave contacts with at least 100 countries. He operates WGBVX, using phones.

The first example of television's causing the end of a Broadway hit concerns Ralph Bellamy, once leading man with the Al Jackson players. Word from New York says that "Detective Story" wound up after a year and a half on the boards because Bellamy, its star, could not go on tour with the Sidney Kingsley hit. His "Man Against Crime" television contract would not permit him to leave New York.

Johnny Olsen's "Luncheon Club" has taken to the road. Johnny was at the Illinois State fair last week, then headed for dates in Pennsylvania. On Sept. 3, 4, 5, and 6, the show will be at the Houston, Tex., Road fair.

Pat Page, now at Ciro's in Hollywood, is doing screen tests, too. Thursday night, playing the driver of a transcontinental truck.

Don Ameche will replace Edward Everett Horton on "Holiday Hotel," a television show.

Planiat Liberaee is in Hollywood for a date at Ciro's and conferences on a major TV series.

Edmund O'Brien (who got into Wisconsin news via Trux Field) will make his first Western picture soon. It's called "Warpath."

Organist Deladene Orr, back from a six-month tour of Alaska, is playing at the Rock-a-Way, San Gabriel, Calif.

Dennis Morgan's current starring vehicle is "Ration Pass." Later, he'll be teamed with Betsy Drake again in "A Baby for Midge," result of successful previewing of "Pretty Baby." Incidentally, "Ration Pass" is not Morgan's first Western. He made his Warner Brothers debut in a short, "Ride, Cowboy, Ride," back in 1938.

NEW LINK: Thirty-four "Towers of Babel," each singing hundreds of telephone messages and several television program over the earth, will link New York with Chicago Sept. 1, the American Telephone and Telegraph Co. has announced.

By Sept. 30, the communication network will extend to Omaha. Eventually it will go to the West coast.

The Towers are relay points in the new superhighways of communications that will augment existing coaxial cable routes to the Midwest. Radio beams carrying video signals and telephone messages will hop across them from New York to Chicago quicker than a wink.

The system will work this way: The "Towers are built at intervals of about 25 miles across the 838-mile route from New York to Chicago on a line of sight level. This means that the Towers themselves are anywhere from 60 to 200 feet in height so the radio waves can move in a level line from one to another.

At New York, the radio signals, carrying video and telephone conversations in a beam similar to a searchlight beam, are flashed from the top of a New York office building to the first relay station in

against the background of Jacob Malik talking into a television microphone at a session of the United Nations. The New York-to-Chicago network cost \$12,000,000 to build and provides additional service to such intermediate points as Pittsburgh, Johnstown, Pa., Cleveland, and Toledo, O. The radio beam is sent across the country with a transmitter power of only 1/2 watt, about the same power needed to operate a small flashlight. A highly efficient metal lens is used to obtain the signal and if it were not used it would take a transmitter of 25,000,000 watts to produce the signal.

Shoplifter Pleads Guilty; Sent to Jail

Samuel S. Schultz, 40, Brooklyn, N. Y., was sent to jail to await sentence Monday by Superior Judge Roy H. Proctor after he pleaded guilty to obtaining money under false pretenses by collecting refunds on shoplifted items. Madison police also were notified by the FBI that Schultz is wanted in Colorado Springs, Colo. Schultz obtained a refund of \$3.30 Saturday on three carpenter's bits which he shoplifted at the W. T. Grant store, 13 S. Pinckney st. Police were notified when a salesman realized the bits had not been on sale when Schultz claimed he purchased them. Officers found Schultz attempting to obtain a refund on some shoplifted zippers at the S. S. Kresge store, 13 S. Pinckney st.

Drafting of a Korean peace plan by six small-nation members of the UN security council is asked by India's delegate, Benegal N. Rau. Main advantages of the plan, says Rau, are that the six small nations—India, Yugoslavia, Cuba, Egypt, Norway, Ecuador—could not be suspected of expansionist ambitions. (International)

'Uncle Ray' to Make Home in Florida

Ramon Coffman, who writes the "Uncle Ray" column in The Wisconsin State Journal and 127 other daily newspapers, is not returning to Madison to make his home here.

He is visiting the city where he had lived for 14 years. Saturday he will leave for Florida to spend a year in Ft. Lauderdale or the Tampa Bay area.

Coffman's son, Pat, will return to West high school in Madison this year as a senior. He attended a high school in Piedmont, Calif., last year. Another son, Gene, will be a junior at the University of Wisconsin this year.

Marlborough Area Annexation Sought

Circulation of petition asking annexation of the remainder of the Marlborough Heights area in west Madison was started Monday by Prof. Phillip Myers, 1312 Vilas ave.

There are nine improved properties in the area bounded by Warwick Way, Derby st., Milford dr., and Oxford st.

The last tax list of the area has an assessed valuation of \$40,770, according to Frank W. Harrison, city investigator.

Myers hopes to have the petition completed by Friday so that it can be filed and presented to the city council.

A portion of the area, which includes blocks 4 through 11 of the plat, includes the east extension of the Madison beltline.
