The Sunday Spotlight

## 'Tzena, Tzena, Tzena'---It's In!

(State Journal Music Editor)
Some weeks ago, this department went out on a limb and predicted that "Tzena, Tzena, Tzena" would soon be on all the song-hit lists. Well, the song made it, in spite of copyright disputes which held up production of records and interfered somewhat with

its use on radio. In the current popularity chart compiled by the Bill-board, it's in fifth place for the second straight week; for while, it was even higher.

"Mona Lisa," which sounds a bit like "Ballerina" and a bit like "Ballerina" and which I, for one, could get along nicely without, is in the No. 1 spot again, with "Goodnight, Irene," which has the simplest and sillest lyrics in a long time, is still No. 2.

Sam's Song" and "Play a Simple Melody," a
pair of happy tunes, are third and fourth,

Here are this department's choices of re-cordings for the 10 top tunes: "Mona Lisa"—Harry James. "Goodnight, Irene"—Gene Autry.

"Sam's Song"—Gary and Bing Crosby; Toni 'Play a Simple Melody"—Gary and Bing Crosby; Dinah Shore.
"Tzena, Tzena, Tzena"—Mitch Miller Gordon Jenkins.

"I Wanna He Loved"—Buddy Clark.
"Count Every Star"—Dick Haymes and

"Bewitched"—Doris Day,
"The Third Man Theme" — Anton Karas; Hugo Winterhalter.
"Bonaparte's Retreat"—Phil Napoleon; Pee Wee King.

Here are some more "pop" discs that can be recommended: Ken Griffin—"Roses" and "Little Sally One

Sarah Vaughan - "Don't Be Afraid" and "Our Very Own."

Mitch Miller—"The Sleigh," paried with the already-noted "Tzena, Tzena, Tzena."

Arthur Godfrey — "Driftin' Down the Dreamy Ol' Ohio," with Archie Bleyer, Janette Davis, Chordettes, Marie and 20 ukuleles, "The with "Haywaii" with the Chordettes. coupled with "Hawali," with the Chordettes. Alan Dale-"You Wonderful You" and "Of

All Things;" you can skip the latter.

### Uncle Ray's Corner

# Danger Lurks in 'Black Gold'

there is excitement. It means an added supply of the mineral which is described as "black gold." land near the new well can be bought or leased, there are many tuyers in the market as soon as the news spreads.

We hear of people who "grow rich overnight." Such reports are true at times, but thousands of persons in the oil business lose money. They pay large sums for drilling wells which fail to provide any oil.

In certain places the drilling is done where oil is under strong pressure. When a hole is made, the pressure forces oil upward through the opening, and we have

e "gusher."

An oil well of the gusher type may mean millions of dollars in profit to the owner of the property, or to someone who has it under lease. As soon as the gushing oil is brought under control, it means a steady stream of wealth for a period which may be long or short Whenever there is gushing oil, there is special danger of fire. An

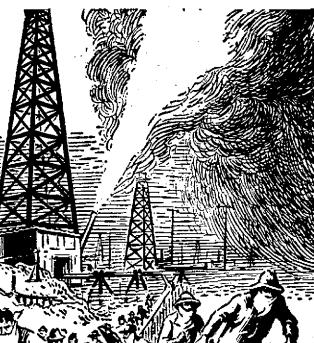

explosive vapor gathers around the oil, and it can be ignited by a There have been many gusher

Nature has given many blessings to the United States, and among these are rich stores of and about \$100,000 worth of oil tron, copper, gold, and silver. Perwas burned up before the fire was in the gusher, the men started to cut a tunnel. This ran downward, and was burned up before the fire was in the gushing oil at a point was the control of the gushing oil at a point of the gushing oil at a gushing oil at

iron, copper, gold, and silver. Perhaps even more important than any of those is the supply of oil. More oil comes from American wells than from the wells of all the rest of the world.

With only about 7 per cent of the world's population, the United States produces more than half of the oil. This is one reason why States produces more than half of the oil. This is one reason why set ablaze.

Those who had been toiling to within easy reach of the burning oil. Then the derrick dropped a plug the gusher ran for their lives. Their clothing had been soaked dents than in most other countries. With oil, but they managed to ing from which the flame was comtitions a new well is discovered, escape death from burning.
