### Ike's Successor to Speak Here

Grayson L. Kirk, who recently replaced Gen. Dwight D. Eisenhower as acting president of Columbia university, will speak at the annual University of Wisconsin Founders' Day dinner, it was announced Friday by Lawrence J. Fritzpatrick, president of the Madison Alumni club.

The dinner, which will be held in the Memorial Union on Feb. 6, will mark the 102 anniversary of the university. It is sponsored by the Madison Alumni club. Prof. Kirk, 47, taught at Wiscon-sin from 1927 to 1940 as a member

of the political science depart-ment. He has been at Columbia since leaving the university and was vice-president in charge of academic affairs before accepting the post of acting president. Delmar Karlen, a member of the university law school faculty, is chairman of the Founders' Day

program committee.

### Platteville Approves Fluoridation of Water

Late reports to the state board of health reveal that Platteville has approved fluoridation. Watertown reported its equip-ment in operation and Milwaukee Watertown reported its equipment in operation and Milwaukee has submitted its plans for fluoridation for approval. Eighty Wisconsin communities now have approved fluoridation and 38 have the system in operation.

### Shortages to Shut 4 More GM Plants

DETROIT -(P) — Four more General Motors (GM) plants were added Friday to a rapidly mount-ing list of auto factories shutting down temporarily because of critical material shortages.

They brought the list to eight plants of four companies. An esti-mated 16,000 employes will be idled.

General Motors' Buick-Oldsmobile-Pontiac assembly division moone-rontac assembly division, said its plants in Wilmington, Del., Framingham, Mass., Atlanta, Ga., and Kansas City, Kas., will remain closed after today until Jan. 8.

A similar shutdown previously was announced for GM's Linden,

N. J., plant.
The five GM closing, attributed to "a sudden acute shortage of materials," affect some 13,000

workers.
The company said its Southgate, Calif., plant will curtail operations to permit inventory taking and plant rearrangement. Ford, Packard, and Studebaker

also have announced production cutbacks due to a lack of materials needed for military output.
