### LINES \$7 ONE WEEK Here's How It Works:

Person to Person

If you have something to sell; something to rent; want help or need a job, lost something or found something, just phone 6-9066 and ask for a PER-SON TO PERSON ad taker. She'll help you word your ad to get you quick results at lowest cost. We ask that each item or group of items be priced. That's because stating price increases results. If you don't want to use price, want ads at the regular rate are still available.

If your ad takes two lines, it costs two dollars for one

week: three lines, three dollars for the week; four lines, four dollars for the week, and so on. It is a flat charge. If you get results before the week is over, so much the better. Just call and we'll get the ad out of the paper to avoid the necessity of your answering further calls. If it takes the full week to get results you pay only the one flat charge. No refunds for early results. No extra cost for late resuits. Sorry, commercial firms may not take advantage of this special service rates as low as 19 cents per line. Complete information upon request.
