B:30-KFI—The aggravating experiences of an average American husband and wife who remodel their home and find their troubles have just begun will be adapted for radio in a new comedy series when Cary Grant and Betsy Drake appear in "Mr. and Mrs. Blandings."
6:30-KECA—"Heart Disease and What Science Has Accomplished in Fighting It" will be the subject of "Report to the People" tonight. Dr. Arthur Kerr, of the University of California School of Medicine, will be the speaker.
7:00-KNX—"There's a movie star of immortal fame who uses an X when he signs his name" is the current clue which sends "Sing It Again" into its sixth week of competition.
9:15-KHJ—Herbert Yates, president of Republic Pictures, will receive the Gold Citizenship Medal from Charles Ralls, national commander of the Veterans of Foreign Wars.
9:30-KECA—A group of singers from the Los Angeles City Schools Adult Education Department will be heard in a program of choral works tonight. This is presented in co-operation with the March of Dimes fund drive.
TELE-TIPS

6:30—KNBH—"Little Fox and the Spirit Arrows" is related by "Smilin' Ed's Gang." It is the sad tale of a giant who goes berserk and shoots huge arrows into the village of the Sioux Indiana. 7:00--KTTV-Tenor Jimmy Alexander will be the first guest on

"Tiny Stowe's All-Star Ministres" when it is introduced to the tele fans tonight.

7:30—KECA—Once again Stu Erwin finds himself in trouble with his daughter's boy friend. This is family life as it is found whenever there are teen-age members.

8:30—KTLA—Carl and King, ventriloquists and their dummies, are the guests of the King of Western Swing, Spade Cooley.

eries be cut and the refiners be

permitted to decide on the octane ratings of their products. The PDA took the topic under advisement.

Du Pont announces a new research development dealing with tetraethyl lead which will increase the output by a continuous process. Construction will start immediately on the first production unit. At present, the lead is made in batches, The new process eliminates the need for equipment made of special steel alloys which are essential in the batch process. The new plant will be in Deepwater Point, N. J.
