building, designed to carry the mooring tower, made reinforcement unnecessary for the tele-vision tower—a procedure that might have been impractical at TV stations definitely slated to use the tower are WNBT of

the National Broadcasting Co. WCBS-TV of the Columbia Broad casting System. WJZ-TV of the American Broadcasting Co., WABD of the DuMont Network, and WPIX, the New York News station. WATV in Newark has

dicates that success in these professions is well-nigh impossible. Psychologists call ambition the "level of aspiration." You should have a goal, but try to develop one that fits your abilities. Many executives develop stom-

Many executives develop stoller ach ulcers from over-ambition. Answer to Question No. 3 Apparently yes. Ohio Univer-sity Sociologist A. R. Mangnus, gave personality tests to 371 farm children, 573 village chil-dren and 285 city children (third and sith crade punits). Farm and sixth grade pupils). Farm and small town children ranked distinctly higher in self-reliance. The author thought that farm and village life, with its chores and tasks, probably offers great-er opportunity for such develop-

er opportunity for such develop-ment. A Gitt That Can Be Yeurs To be a good cenversalienalist is to be a sought for pariner in any gathering. Harr great advantages will be yours.
