# U. S. URGES IRAN TOWARD FRIENDLY OIL SETTLEMENT

WASHINGTON May 18 — (AP) The United States urged Iran tonight to negotiate with Britain for a friendly settlement of their dispute over the proposed nationalization of Iranian oil resources.

A formal statement by the State Department gave notice that should Iran by one-sided action expel the British operators of the $500,000,000 Anglo-Iranian Oil company, American technicians will not be available to replace them.

**Outlines U. S. Position**

In pressing for negotiations, the State Department said that the U. S. in consultation with both governments has neither approved nor disapproved the terms of any particular British proposal for a settlement of the dispute.

The statement was issued to outline the position taken by the U. S. because the American attitude "has been the subject of some speculation," it was said.

**Aimed at Iran**

The State Department's comment was directed largely at Iran, whose parliamentary vote to nationalize the holding of the Anglo-Iranian Oil company precipitated the dispute.

The American note was issued on the heels of a British one, yesterday which reportedly offered to send over a high level mission to talk over a possible compromise.

## BETHEL BOARD REJECTS PROPOSED BUDGET CUT

BETHEL May 18- The Board of Finance today rejected recommendations made at the annual Town meeting Monday to lop off $35,000 in the 1951-52 budget.

In a statement today, First Selectman Thomas H. Mannion, who also is chairman of the finance body, said the recommended budget is "fair and just" and if it is cut the efficiency of the Town government "would be lowered."

The proposed cuts would lower the recommended tax rate 4.5 mills from 29 mills. The proposed budget, which will be acted upon again Thursday at 8 p. m at a Town meeting in the high school, includes 10 per cent pay raises for all town officials and employes.

The 1951-52 budget, as proposed by the finance group, is $379,325, or $48,503 above the 1950-51 budget.
