JACOBY ON BRIDGE

By Oswald Jacoby

The approach of the annual Canadian-American tournament (Montreal, May 24-27) reminds me of a hand played by Percy Sheardown, whose foursome won the team event last year.

Sheardown, who held the South cards, didn't want to bid the slam in hearts until he was virtually ousted there. However, the more the enemy bid clubs the more it seemed that the North hand would be weak in clubs—with strength where it could be used.

As it happens, of course, North had the ace of clubs—a nearly useless card. If he had held the king of diamonds instead of the ace of clubs the heart slam would have been a cinch.

Sheardown had to make the best of the situation—which he proceeded to do in fine style. His first move was to play a low club

from dummy and ruff in his own hand.

He next drew trumps with the ace and jack, after which he returned a low spade from dummy.

This put East on the horns of a dilemma.

If East played low, South's queen would win. Then dummy would be entered via the ace of diamonds and the ace of clubs would be led for declarer to discard his remaining spade. The rest, of course, would be easy.

If East put up the ace of spades

Town of Burke Told to Go Ahead with Waterworks Plans

Town of Burke's sanitary district No. 4, formed last October, was told Friday to go ahead with its plans for a waterworks system at an estimated cost of \$137,066.

The state Public Service Commission (PSC) authorized the construction, and set rates for water service to an estimated 200 homes and half-dozen industrial firms in the 150-acre area lying at the eastern edge of Madison.

Residential customers will pay a \$5 quarterly service charge, which includes the first 1,000 cubic feet of water. Metered water rates will range from 35 cents per 100 cubic feet down to 10 cents for large users.

Water probably will be bought from the city of Madison, although the district has reached no agreement with the city so far.

Of the \$137,066 total cost, \$90,000 will be raised from revenue bonds, \$33,200 from front foot assessments against property owners, and \$9,000 from \$45 lateral assessments to the 200 users.

The state board of health recommended formation of the district and construction of water and sewage systems. The area is served now by shallow wells, many of

them classified as unsafe because of contamination from septic tanks and surface drainage.

DOCTOR TO RETIRE APLETON Wis. — (P) — Dr. Everett H. Brooks, 78, Friday announced plans to retire June 1 after practicing here for 49 years.

Dr. Brooks, affiliated with the Appleton eye, ear, nose, and throat clinic since 1932, said he will live with a brother at the Bloomington, Grant county homestead where both were born.

On Your Trip to GAYS MILLS APPLE BLOSSOM DAY next Sunday include seeing WISCONSIN'S Scenic Wonder EAGLE CAVE Largest Open Cave in North Central States, On Hwy. 60—Richland County.
