LOOKING AND LISTENING

Special Cornet Located for Forthcoming Air Show

By TOM E. DANSON

HOLLYWOOD. Pete Kelly finally has his brand new, 25-year-old Boston Three-Star cornet!

Several weeks ago, Jack Webb, producer-director of the new show, "Pete Kelly's Blues," sent out an appeal in an attempt to locate a Boston Three-Star cornet made 25 years ago, but for the true tone, it must be unused. Webb stated that if such a horn didn't show up before the show's debut on NBC July 4, he intended to have one specially hand made.

On the show, Pete Kelly blows such a horn in a Kansas City speakeasy during the early 20's. In order to get an instrument to sound as it did in those days, only a new Boston Three-Star would do. This instrument hasn't even been manufactured for a quarter of a century, but Webb, being a very exacting person as to detail and sound effects, would not be stopped.

A few days ago, NBC received a bulky package addressed to Webb. In it was the sought-after cornet and a letter. Both were from Norman Schaeffer in San Francisco. In part, Schaeffer wrote: "Dear Jack, I read about your quest for a Boston Three-Star cornet. Here it is with the best of luck. I happen to have it because by father played in a Chicago speakeasy during the 20's. When we moved to San Francisco he brought the horn along. He forgot all about it and had it packed away, still new and unused, for all these years. So here it is. I'm looking forward to listening to your show. Sincerely, Norman Schaeffer."

So the big search is over, and authenticity will still reign with Jack Webb, for the new show that is predicted to become a big hit—"Pete Kelly's Blues."

Fiscal Year's Projects of City Total $2,760,000

The city completed or started 25 major construction projects in the fiscal year which will end June 30, at an approximate cost of $2,760,000, according to unofficial cost figures.

Six were public works jobs, which put Long Beach out in front because of the type structure built.

In this category are the ultra-modern Health Center ($451,257), North Long Beach Library ($85,125), and Fire Station No. 17, 2241 Argonne Ave. ($79,987).

The all-purpose Polytechnic Hutch Canteen ($34,916) is recognized as superb for its size; while the two workshops at the city yards ($194,700) are looked upon as the most functional type of design for their use.

Del Amo St. underpass ($226,486) and Magnolia Ave. Pier ($74,305) also were completed. Belmont Pier reconstruction ($163,901) has been started.

Four major storm drain pump stations are finished: Artesia St., west of Los Angeles River channel ($270,699); Walnut Ave., near Bret Hart School ($200,056); District No. 3, near Burnett School ($61,785), and the culvert ($8075) for the North Long Beach Drainage Ditch beneath Orange Ave.

Two storm drain and pump projects ($260,730) are under way. Both are west of the river channel, one near 19th and the other near 27th St. and in connection with the Long Beach Freeway soon to be started there.

Among 12 major street improvement jobs are Atlantic Ave., San Antonio Dr. to 52nd St. ($128,374); Pacific Ave., Third to 10th Sts. ($94,726); American Ave., Sixth to Anaheim Sts. ($65,805), almost done; Carson St., Cherry to Orange Ave. ($69,689); "channelization" of Livingston Dr. and E. Ocean Blvd. intersection ($50,923); Santa Fe Ave., Hill to Willow Sts., ($57,788), and Los Coytoes Diagonal, Clark Ave. to Bellflower Blvd. ($57,788).

Let's Explore Your Mind

By ALBERT EDWARD WIGGAM, D. Sc.

Answer to Question No. 1

Yes, judging from a study by Psychologists C. O. Neidt and M. F. Firtz, who found that engaged men were unusually more cynical about politics, religion and virtue in general. Engaged women were the opposite—they trusted human nature and the world in general. Engaged men were slightly more cynical than unengaged men. Why? Psychologists didn't find out. Maybe it's a preliminary to the stage fright that usually scares the daylights out of a bridegroom.

Answer to Question No. 2

No, although I know some persons who let numbers guide their lives. They have lucky days, lucky license plates, etc. One wit said, "I used to have a lucky number, but one day when I called, a man answered the phone!" One way to happiness is to learn your happiness cycle. Every 29 or 30 days you experience four or five "blue" days. Our booklet, "How to Find Your Happiness Cycle," helps you to manage these "blues." Booklet sent at cost, 15 cents (coin only) plus self-addressed, stamped envelope.

Answer to Question No. 3

Yes, according to the late psychologist, Alfred Adler. They set impossible goals for themselves in order to have an excuse for failure. Some persons do not marry because they "have never found the right mate"; some who act abnormally are covering up their fear that they cannot succeed in normal human relations. They do the same in practical tasks of life.

PREDICT YOUR HAPPINESS!

With Dr. Wiggam's new booklet, "How to Find Your Happiness Cycle" you can predict happiness "highs" and "lows" for yourself, members of your family, friends or employes.

For your copy address Dr. Al E. Wiggam, in care of this newspaper, including 15 cents (in coin only) and a stamped self-addressed return envelope.
