Answer to Question No. 1 No. About as much as if they were "considering" the Einstein theory. They think they know the "facts of life" but they do the "facts of life" but they do not know the facts of married love, family budgeting, rearing children, devising a healthy diet, controlling their passions, etc. Romantic love does not give this knowledge. Our booklet, "Predicting Marriage Success and Failure," shows what types of matings form out happily. of matings furn out happily. Sent at cost, 15c (coins only) plus self-addressed, stamped

Answer to Question No. 2

Yes. Psychology is the "systematic study of behavior"—either in animals or in man. Begin by studying the behavior either in animals or in man. Begin by studying the behavior of your dog, cat or horse. They become afraid, angry, happy and co-operative in response to your behavior. Then notice how your mate, relatives or friends respond to what you say or do.
