JACOBY ON BRIDGE

By Oswald Jacoby
Opening lead ♦ K
We have been discussing penalty doubles all week, and yesterday we got around to the late penalty double when both sides are in the auction. The general principle when both sides are competing is to double a high bid to show good defense. It follows that you take pains not to double when your values are as good for offense as for defense. Before we get tangled up in a web of words let's look at an example. West's double of three spades is a cooperative double. He asks his partner to bid any long suit, but to pass with balanced distribution. West should have had a stronger hand for his double. He would have enjoyed holding a stronger hand, but he had to do the best he could with what North dealt him. West knew that South was out stealing with his shutout bid of NORTH (D) ♠ Q 8 5 3 ♠ 9 4 ♠ K 8 2 ♠ A 4
