TIP O' THE MORNING: Dedication of the new Veterans Administration hospital will be broadcast by WIBA.

Mrs. Patricia Rodell, who holds degrees from the University of Wisconsin and Northwestern university, has joined the faculty of the Colt School of Art, Director Arthur N. Colt has announced.

The school will begin its 25th year with the opening of the 1951 fall term on Sept. 24.

Mrs. Rodell will teach costume design and fashion illustration Tuesday and Thursday nights and creative art for children Saturday mornings. The Tuesday-Thursday class will be limited to 10 students. Two children's classes will be held each week, one from 8:45 to 10:15 a. m., the other from 10:30 a. m. to noon. Each will be limited to 10 pupils.

Other classes will include fundamentals of free-hand drawing and perspective; oil painting, lettering, commercial art, advanced portrait painting, landscape painting, and figure drawing from life.

TOP TUNES: The eight most-requested records on talk-back phonographs here last week, according to Leon Pettersen of WISC, were in this order: "Because of You," Tony Bennett; "I Got Ideas," Louis Armstrong; "Detour," Patti Page; "Too Young," Nat Cole; "Longing for You," Russ Morgan; "Come On-a My House," Rosemary Clooney; "These Things I Offer You," Patti Page; and "Rose, Rose, I Love You," Frankie Laine.

Waukegan; George Werner, university college of agriculture; Frank Mayfield.

PACKARD THUNDERBOLT POWER

means Performance plus...maintenance minus!

There are many things to look for, in a power plant, and the most important of all is... the name of its maker.

Packard is known throughout all the world as "America's Master Motor Builders" and today's new Packard Thunderbolt engines offer you the best all-around combination of silent smoothness... efficiency... and service-free durability.

Specifically, they give you the peak efficiency of America's highest compression engines—and the service-free simplicity of a design with up to 25% fewer working parts than in engines of comparable power.

And durability? Fact: Of all the Packards built, in the last 52 years, over 50% are still in service... and many of them have rolled up individual records of over a half million miles.

In Packard's case, that stands for the company with the broadest range of power-building experience of any single automobile manufacturer.

It's more than a car—it's a PACKARD
