Porgy and Bess' Lives Again

show on records.

The wait is over, and it was worth the time, for

eral of whom were at the Union.

This is a truly superlative album in every respect, from Lehman Engel's polished conducting to the engineering achievement. Most important is the overall impact of the work—o—ne of the rare in-stances in which the "feel" of the stage production has been carried successfully to discs.

Of the cast which was here, these are on the records: Avon Long. as Sportin' Life, the dope peddler; Warren Coleman, as the nasty Crown; J. Rosamond

Johnson, as Lawyer, and Edward Mathews, as Jake, Listening to these records, one is tempted to give loss credit than is due to Lawrence Winters and Camilla Williams, in the title roles; Inez Matthews, as Serena, and the others in listening to the incred-

ibly live chorus. In one respect, the recording is even better than the stage version. That is in the intimacy achieved by the microphone—the sounds of clicking dice, for

Other recent, recommended recordings: Claudio Arrau, planist: "Preludes," Chopin . . . pletes the circle—back to superlative recording and This is of particular interest here because Arrau performance — "theatrical," perhaps, but isn't will be in Madison this season on the Wisconsin Tschaikowsky usually that? on these discs. (Columbia).

Eastman-Rochester Symphony, under Howard Remember "Porgy and Bess" at the Wisconsin Union theater back in January of 1945? If you were there, you can't forget it, and you probably have been waiting for a re-creation of the Gershwin show on records.

Eastman-Rocnester Sympnony, under Howard Hanson: "Concerto in G," Hanson, with Rudolf Firkusny: "Holberg" suite, Grieg... The Hanson converte, partly because of Firkusny's affinity for the score, emerges as an honest as well as a listenable piece of music. This well could be the work that will give the Rochester composer the recognition Columbia has issued the complete opera, with some which the public too long has neglected giving him. And the Grieg suite demonstrates the same man's eral of whom were at the Union.

Eleanor Steber, Eugene Conley, Cesare Siepi, and others: "Faust." Gounod . . While this is a faithful enough translation of the music to records, it lacks spirit and fire—in other words, it doesn't have what the "Porgy and Bess" discs have: theatri-

cal vigor and a sense of reality.

New York Philharmonic-Symphony, under Leopold Stokowski: "Romeo and Juliet" and "Francesca da Rimini." Tschaikowsky... A touch of genius was shown in pairing these on a single LP. Here you may compare, comfortably, the two works, because both are done with style, finish, and remark-

able sound quality. (Columbia).

Bamberg Symphony (Munich) under Robert

Heger: "Eine Kleine Nachtmusik," Mozart . . This may be too vigorous for those who like their Mozart Religion quiet. The other side of the LP has Wagner's "Siegfried Idyll," played with no particular distinction by the Munich Philharmonic. (Mercury).

Bamberg Symphony, under Heger: "Serenade No. 1, in D." Brahms ... Another vigorous portrayal, but it fits this work better. Except for an occasional

faraway sound, the recording is good. (Mercury).

Philadelphia orchestra, under Eugene Ormandy:
"Symphony No. 5," Tschaikowsky ... This completes the circle—back to superlative recording and

Achilles Wanted Revenge

After a drawn battle on one day the Trojans came forth the next morning to fight the Greeks outside the walls of Troy. Again the battle was furious, but the Greeks seemed to be slightly weaker. Two of their heroes, Achilles and Patroclus, failed to take part.

Word was sent to the missing heroes, and Patroclus agreed to help. He added to the strength of Greeks, and some of the Trojans ran from the field to take refuge inside their city.

One Trojan hero, however, turned and fought. This was the mighty ed and fought. This was the mighty
Hector. With a thrust of his spear,
Hector struck down Patroclus, and the Greek hero died. There was a struggle for his body, but the Greeks were able to drag it out of

reach of the enemy.

Achilles Wanted Revenge Patroclus had been a close friend of Achilles, and now this sulking hero felt a thirst for revenge. Leaving his tent, he hurried to the battlefield. The Trojans had seemed to with his spear. Still hot with a feel-

Under advice of the clever Ulysses, the Greeks built a hure hollow wooden horse and placed a dozen soldiers inside it. Then they pretended to give up the siege of Troy. After observing the Greek fleet as it sailed away, the Trojans looked at the huge figure which had been left behind, and decided to push it inside their city. This was done, and at night the Trojans feasted and drank heavily of wine. While the Trojans were asleep, the soldiers left the wood-
