miles per gallon.

But that is not all.

That's the jubilant news that comes from Flint to every Buick dealer-and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built - and Buick is building them. Read the good word and you'll agree.

[ET's pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history. It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

version of power steering that works like a helping hand-gives you the same sure feel of control you have always known in straightaway driving-yet takes less than one-fifth the

For those who wish it, there is a brand-new

And with all its new power, it delivers more

effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in Supers and Specials too-plenty to make them, as always, the standout buys in their fields-for ride, for comfort, for style, for room, and for power.

Come in-look this triumphant trio over-and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.
