Toll Roads Must Be a Part of State System, Expert Says

Toll roads must be "an integrated part" of a state highway system to succeed, and may not always be the best way of meeting the need for through highways, a New York engineer said in Madison Thursday afternoon.

Doctor Hints Patient May Have Quints

WEYMOUTH, Mass. (AP)—A doctor confirmed Thursday that Mrs. John Manning may give birth to quintuplets, first in the United States.

X-rays showed that Mrs. Manning is carrying five fetuses. She is certain to have a multiple birth in mid-August.

"We believe it will be quadruplets, but there's a possibility of quintuplets," said her physician, Dr. Robert R. Ryan.

"I'm delighted," said the attractive Mrs. Manning at South Shore Hospital, where she probably will remain until the births. "It's the will of God."

"I'm numb," said her 36-year-old husband, a husky former Marine. "I don't know how I feel, it's indescribable. It's unbelievable."

Manning said he first learned his wife might have quintuplets about five weeks ago, but that he didn't actually believe it until this week when the doctors took more X-rays.

The Mannings already have three children—Dennis, 4, Mary Alice, 3, and Ann Marie, 2. Neighbors have "pitched in" to help with the household while Mrs. Manning is in the hospital.

Manning, a 200-pound former semi-pro football player, now operates a bus line here.

Mrs. Manning, the former Marion Del Prete of Rockland, Mass., was married Feb. 16, 1947, and said that she had a record of twins in her family. There also were twins in the family of Manning's mother.

The disclosure that Mrs. Manning might bear quintuplets came on the 18th anniversary of the birth of the Dionne quintuplets. The only other quintuplets known to have survived infancy are the Diligence quintuplets born eight years ago in Argentina.

Police Round Up 25 Students for 'War' Broadcast

Ithaca, N. Y. (AP)—Police Thursday swiftly rounded up 25 Cornell university students who seized the university broadcasting station and frightened the campus with bulletins on a fake Russian bombing raid on Britain and France.

The students made a public apology saying "the intent 'pragmatically' overpowered the nation's regular broadcast and technician and broadcasting the fake bulletins."

For eight minutes, beginning at 11:07 Wednesday night, the raiders controlled the station and in serious, urgent tones announced that the Russian planes had bombed London and Paris and were seen over Newfoundland.

About 5,000 students in dormitories and fraternity houses heard the hoax and to many it sounded like the beginning of World War III.

Only one student, Murray H. Shelton Jr., Fredonia, N. Y., was identified by college authorities. Cornell authorities made no mention of punishment for the men involved.

The raiders burst into the station wearing black masks and interrupted a classical music program with the bulletins.

Police said there was "near panic" on the Cornell campus but that the program was not heard in the town of Ithaca itself.

Exchange Club Hears Plea for Better Roads

Wisconsin is trying to "handle" 1950 traffic with 1935 roads, members of the Madison Exchange club were told Thursday night by Edward J. Konkol, executive director of the Wisconsin Good Roads Association.

"Our cars have been improved rapidly, but highways for them have not kept pace," Konkol said at a Capital Hill dinner.

"Every 100 miles of our state trunk highways has 75 curves too sharp for today's normal driving speed, and 200 points at which vehicles don't have safe passing distance."

Konkol said that outdated roads would play a part in the high accident and death toll expected on the nation's highways this week-end.

U. S. to Gain Jet Lead, Official Says. WASHINGTON (AP)—Defense Production Administrator Manly Fleischmann predicted Thursday that the United States will overtake Russia early next year in the production rate of jet warplanes.

The statement, made at Fleischmann's final news conference as defense production chief, appeared to be in sharp conflict with what other government and military officials have been saying recently.

John D. Small, chairman of the defense munition board, told the Senate Preparedness subcommittee just three days ago that the United States is "still far behind" our Soviet opponents in aircraft production rates, particularly jets.

As Secretary Thomas K. Finley, in testimony before the Senate Appropriations Defense subcommittee five weeks ago, said, the United States is in the past five years. He did not mention current production rates.

Henry H. Fowler, who will succeed Fleischmann next month while keeping his post as head of the National Production Authority (NPA), said at the same news conference that meta rationing "will not be junked in 1952."

Enforcing of Truck Controls Starts Today. A restriction of truck travel on weekends and holidays during the summer months will be enforced beginning today, Dan F. Schultz, director of the state traffic patrol, warned Thursday.

The Public Service Commission (PSC) order prohibits truck travel between 1 p. m. and 10 p. m. on Saturdays, and between 9 a. m. and 10 p. m. on Sundays and legal holidays. The period of restriction extends from Wednesday through Sept. 14.
