was taken to the United States by Cleveland, his parents 104 years ago. That event was to lead to a great in-to reach the Ohio river and then

of Scotland. The Carnegie family landed in Said, in later years: New York City, but stayed there only briefly. Andrew saw a bit of the "bustle and excitement" of the place, them was taken aboard a steamboat which carried him up the Hudson river. Then he traveled by the Erie canal to Buffalo, and the factory, and in another factory in galout his first pay. Carnegie deliver telegrams. (Another article about the life of Andrew Carnegie will be published a week from today). Such happiness as my first week's earnings. I was now a helper of the family, a breadwinner. A year and a half was spent in that factory, and in another factory is not considered.
