NOW ... we're NORTH CENTRAL AIRLINES
— FORMERLY WISCONSIN CENTRAL AIRLINES

In September of this year our Board of Directors decided to change the name of Wisconsin Central Airlines to NORTH CENTRAL AIRLINES, to be effective December 16, 1952.

We think you will be interested in a few of the facts that prompted this decision.

FIVE YEARS AGO, we began scheduled airline service with two small Lockheed. These planes seated nine passengers and carried a limited amount of mail. TODAY, we have nineteen of the faster, larger, better-equipped DC-3's. These "Northliners," as we call them, carry twenty-one passengers. And there's plenty of room for mail and cargo.

FIVE YEARS AGO, we served nineteen cities — most of them in Wisconsin. TODAY, our service goes to forty-one communities and penetrates deeply into five states.

AND SO, TODAY, to better identify our service as one that serves the vast North Central region, we have changed our name.

AND TODAY, while we may have a new name, we're the same enthusiastic group of people dedicated to providing air transportation to the many communities in the North Central States, within the area of our zone, needing this fast, modern, enjoyable means of travel.
