LATEST TRANSISTOR DEVELOPMENT OFFERS NEW HOPE FOR THE

## HARD OF HEARING

Sub-miniature device without "B" Battery or Vacuum Tubes Individually fitted ... Unmatched Performance and Economy

Tonecraft announced today the latest improvement in the transis-tor field. A now parfected method of fitting a new small transistor in-Transistors Out-Last Vacuum Tubes Not only miraculously inexpenof fitting a new small transistor in-strument to each individual's hear-sive to operate, but very econom-ing need. Because of the magic of ical to own. Estimated life of three tiny transitors—one of the transistors is reported as high as great scientific discoveries of this 90,000 hours: For an average user the means 20 wars age-a user may expect far super-this means 20 years, for hearing results, improved abil-ity to understand and uniform IMPORTANT! NOT

nearing power without fading inise

The Tonecraft Technique for Transistor Fitting...Four Models

Tonecraft has taken the next great step in using the transistor to better mankind's hearing. Not one —but four tiny little marvels (one of the world's smallest and most complete transitor hearing aids) now available to fit every hard of hearing person -- who can be helped. Each Transistor Hearing Ald is

Cach Transistor Hearing Aid is complete in every important detail. No feature has been sacrificed for expediency. This is why a batter fitting is possible ... and a better fitting means better hearing. New means better hearing. New means better hearing. New means better hearing.

IMPORTANT! NOT ALL 50-CALLED "TRANSITOR AIDS" USE 3 TRANSITORS!

Examine carefuliy all claims made for partial or in-complete transistor hearing instruments. Many alds using one transistor still have "B"

one transistor still have "B", batteries and vacuum tubes. Find out all you can before you buy — get Tonecraft's valuable and interesting new folder which explains what you should know about Tran-sistor Hearing Aids.

Mate by

Expediency. This is why a batter fitting is possible ... and a better fitting means better hearing. New small size makes Tonceraft and much disappointment if you and the transistor micale to do for you and a really important work. Tone-really important work of a craft's new folder "Transistor manifer and your Hearing" and your Hearing and your Hearing and your Hearing and your Hearing and coup of you yourself or a rirend. Use coup coupon below and MAI'. TODAY! eent a day for an average user! Life-size plastic model of transistration yearly battery costs.
