
TIP O' THE MORNING: The University of Wisconsin is among the top colleges which has signed contracts with Sportsvision, Inc., for filming of the "All American Game of the Week" television series. Choice of games is up to a panel of judges.

THOSE who have been mourning the "death of radio look pretty silly today. A joint committee of the four major networks have released estimates on the number of receivers in working order in the U.S., and they show an increase of about 5,000,000 between Jan. 1, 1952, and Jan. 1, 1953.

About 110,000,000 sets were in use at the start of this year, the survey showed. New households accounted for 2,000,000 of the increased number.

A total of 44,800,000 homes had at least one set each. But extra radios raised the total of home receivers to 74,800,000.

An estimated 26,200,000 private passenger cars were equipped with radios. Add about 9,000,000 miscellaneous receivers and you get a total of 110,000,000 sets, compared with 105,300,000 on Jan. 1, 1952.

In the miscellaneous category were sets used in barracks, hotels, cafes, dormitories, offices, taxis, trucks, and business establishments and personal portables used outside the home.

The radio home estimate came from A. C. Nielsen Co. Figures for other categories came from analyses of the Radio-Television Manufacturers assn. reports on production and sales, checked against a projection of the Nielsen report.

Researchers for the four networks said they believe their estimate of a 5,000,000-set gain is conservative, partly because network estimates in 1952 proved to be lower than the figures produced in later Nielsen surveys.

ART: Three art shows have been scheduled for the summer at the Memorial Union. Two are now up—the Junior Rural Art show, in the theater gallery, and the "Let's Draw" exhibition, in the main gallery. The third, "Contemporary American Drawings," will open July 15 in both galleries.

NAMES IN THE NEWS: Winner of first place in an essay contest conducted by the National Federation of Women's Clubs was **Fedelia Van Antwerp**, Wisconsin Dells. She is president of Rural Writers assn. Her essay was "The Wisconsin Idea Theater."

William Kapell, pianist, will join the faculty of the Juilliard School of Music in New York City, **Pres. William Schuman** has announced. **Ralph Hunter** has been appointed acting director of the Juilliard chorus.

Kay Starr, Don Cornell, Percy Faith, and Lowell Thomas will be heard on 150 radio stations Wednesday in a transcribed tribute to Canada's National Day.

William Boyd has begun work on 26 new "Hopalong Cassidy" films for NBC-TV. Production schedule calls for two half-hour pictures a week until Sept. 25.

Annapolis Examinations Set by Glenn Davis

Three cities — Watertown, Madison, and Waukesha — have been designated by Rep. Glenn Davis (R-Waukesha) for Civil Service examinations to be given applicants for Annapolis naval academy appointment.

The exams will start at 8:30 a.m. on Monday, July 13, in the postoffices of the three cities.

But one Jefferson County applicant will not be present when the others prepare to take their exams. Now in the Pacific with the United States Navy, he will be given the same set of questions by his commanding officer aboard ship, and these marks will be included with those of applicants tested at Watertown, Madison, and Waukesha.

The successful candidate will represent the Second Wisconsin Congressional District in the class to enter Annapolis in 1954.

Madison Church Finances African Medical Units

Two new dispensaries will be built in North Africa as the result of a special offering to be taken today at the Madison Seventh-day Adventist church and sister churches throughout the United States, Mrs. Leslie Bordson, superintendent of the Madison Adventist Sabbath School, announced Friday.

One dispensary will be located in Algiers and the other one in Tunis, Mrs. Bordson said. She added that part of the offering will be used to construct a church building near Mt. Etna on the island of Sicily.

"The two dispensaries will become parts of a chain of medical institutions being operated by Seventh-day Adventists around the world," Mrs. Bordson said. "These institutions include large hospitals and such unusual projects as leper colonies, medical launches and 'air lift' services for remote areas."

Today's offering is one of four special offerings taken annually in the Adventists Sabbath Schools for specific overseas projects. Total gifts in 1951 received by the denomination from its members amounted to $52,240,890, including the four special Sabbath School offerings.

First Pakistan Wheat Load Leaves U. S.

WASHINGTON (UP) — President Eisenhower signed the Pakistan free wheat bill Thursday and the Mutual Security Agency announced the first shipment to the famine-ridden Far Eastern country left Friday.

The S. S. Anchorage Victory sailed from Baltimore with 9,600 tons of the grain, part of the 1,000,000 tons this country is giving anti-Communist Pakistan. A second shipment will follow within a week.

Printed on both sides of the Anchorage Victory is a large red, white and blue emblem showing clasped hands. Lettered in English and Urdu, the Pakistan language, are the words: "Wheat for Pakistan from the United States of America."

Mr. Eisenhower said the swift action by Congress in approving the necessary legislation "reflects the sympathy and concern of the people of the United States for the people of Pakistan."

The Senate completed congressional action on the bill Wednesday, only 14 days after the President requested it.

Two U.W. Men to Study Cultural Work in Europe

Two University of Wisconsin men will travel to England this summer to study community cultural activities and to bring some ideas back for use in Wisconsin.

Prof. James Schwalbach, of the rural sociology and art educational departments, and Prof. Robert E. Gard, of the Wisconsin Idea theater, will spend eight weeks in England.

Schwalbach also will teach at the University of Manitoba for a three-weeks session this summer.

In England and Scotland, more community support is given activities such as painting, writing, and dramatic productions, and such activities are carried out on a more "formal basis," Schwalbach pointed out.

In Wisconsin, with the help of the university in many cases, such activities are much more informal and on a state-wide basis, he said.

With the information the pair gets during their study in England, they will work in Rhinelander next year trying to develop a program similar to those in England.

Schwalbach said he plans to record radio programs both in Canada and in England for use next year on the School of the Air over WHA. He directs the weekly "Let's Draw Program."

Wholesale Price Average Goes Up

WASHINGTON (UP)— Average wholesale prices rose slightly in the week ended June 23, the Bureau of Labor Statistics reported Friday.

Prices for steel, scrap iron, tin, gasoline, and other fuels increased.

Wholesale prices rose two-tenths of 1 per cent to put the new wholesale price index at 109.5 per cent of 1947-49 prices.

State Pays $2,964,758 in Old Age Benefits

Old age benefits of $2,964,758 were paid to 49,126 persons in Wisconsin in May, the State Department of Public Welfare reported Friday.

Assistant grants of $4,681,257 were paid to 95,534 recipients last month. The total was 3.4 per cent higher than in May, 1952.

Aid to 30,204 dependent children totaled $1,165,398.

Other grants were:

General relief, 14,312 recipients, $388,870; aid to 1,246 blind persons, $83,422 and 1,077 disabled persons, $78,809.
