MOUNTAIN CLIMBERS: The National Broadcasting Co. (NBC) has obtained TV and radio rights for the coverage of the third American Karakoram expedition, which this summer will attempt to climb K-2, second highest mountain in the world.

He said it also is possible that NBC radio will carry a program or series of programs on the expedition.

K-2, also known as Mt. Godwin Austen, is 28,250 feet high and dominates the Karakoram mountain range in northwest Pakistan. It is the highest unclimbed mountain peak in the

NEA Told to Strip Mystery from Reds

MIAMI BEACH, Fla. (U.P.)—The National Education Association was told Monday that there are "people in important positions" who want to build up a "superstitious fear" of Communism for their own personal profit.

Richard B. Kennan, of Washington, secretary of the National Commission for the Defense of Democracy through Education, urged in a speech to the NEA convention here that Communism be stripped of its "mystery."

Kennan named no names but said "people in important positions" have portrayed Communism as a mysterious force to gain personal profit for themselves — "financial, political or other."
