tempesi did not arise before.

A committee was named to choose a fitting memorial to pioneers. After a continent-wide search they came up with the suggestion of Venus, now reposing in New York. The howls started. What, asked enraged Salemites, did Venus have to do with the pioneers of Oregon? with the pioneers of Oregon?
Straw votes were taken at service club luncheons and the Goddess could have counted the votes she got on her 10 fingers (yes, Renoir's Venus has hands). By Oswald Jacoby One of the troubles with Hard Luck Joe is that his feet are far too big for any normal hu-man being. As a result, his feet are always getting in his own way, his partner's way or into his own mouth. In today's hand, for example, Loe held the South

JACOBY ON BRIDGE

for example, Joe held the South cards and managed to get himself beautifully tangled up. There was nothing much to the play. West opened a trump, and Joe exhausted trumps in two rounds. He took a successful heart finesse, and took a successful club finesse on the way back. He was then able to claim twelve tricks, giving up only one spade.

North looked daggers at his partner, and Joe looked apologetic. "I don't see how we could bid that slam," muttered Joe. "After all, we couldn't make the slam unless both the heart and the club finesse worked."

Joe still hasn't seen what crime he had committed. See if him to bid four diamonds. He had you can spot it for yourself before you read on.

South's crime occurred in the bidding. There was no need for cards.
