NEW SONOTONE
Outperforms
EVERY MAJOR HEARING AID
in at least one of the following:

POWER — This new 4-transistor instrument is so powerful that many can be helped who could not hear satisfactorily before.

GAIN — It has so much sensitivity that, sitting in the back of church or the movies, most people can hear easily and well.

OPERATING COST — Here's a real bargain in better hearing. It is so inexpensive in use, that thousands with mild losses will spend only a few cents a week.

Regardless of price or claims by any other major hearing aid company, you should investigate the only hearing aid that can give you so much power and still cost so little to operate.

Be sure with
SONOTONE
the name you can trust
