COCONUT COPRA

Copra is the meat of the coconut, which is detached from the shell and dried either by exposure to sun and air, or by an artificial drying process.

COUNCIL TO ELECT 1955-56 OFFICERS

More than 100 persons are expected to attend the annual meeting and election of officers of the Community Council tomorrow at 6 p.m. in the Town House restaurant, Golden Hill street.

According to Dr. Ira Dow Beebe, chairman, the meeting will feature an address by Dr. Isabel Gordon Carter, professor of the University of Pennsylvania School of Social Work, and chairman, Department of Social Research.

Dr. Carter's talk will concern current research projects in connection with prevailing material on economic and social trends to which local community organizations must adjust.

Also featured at the meeting will be the election of members to the executive committee and officers of the Health, Family and Children's and Recreation and Group Work divisions; the presentation of certificates to 100-hour volunteers of the Volunteer bureau by Mayor Jasper McLevy; and the distribution of the annual report.

"The Community Council, the social welfare and planning partner of the Community Coest of Greater Bridgeport and Stratford, provides a center for 102 public and private agencies and organizations to study, plan and work together for the health and welfare of the whole community," Dr. Beebe said.

"It does this," he explained, "by providing a central source of information on community social services by bringing organizations together for joint planning, coordination and action; by conducting systematic impartial studies of community needs, proposed new services and reorganization of existing programs, and by carrying out a public information and education program."

The melting point of uranium is approximately 1,350 degrees Centigrade.

HOMESICK BOY TAKES STROLL IN PAJAMAS

BOSTON, May 31—(AP) Samuel Evangelista, 12 of Cambridge had a reason for being out in his pajamas at 3 a.m.

When police picked him up yesterday he explained he had sneaked out of the Boston Floating hospital because he was homesick.

Hospital officials told police the boy had his appendix removed only two days earlier.

The stroll caused no ill effects, doctors said after examining the boy.

Advice From Home

by Arlene Francis of NBC's HOME

Arlene Francis
Radio and TV Personality,
Editor-in-chief of HOME

"We editors of HOME like to tell you about things that make homemaking easier and more enjoyable. Unfortunately, we can't always tell you where to get them in your neighborhood. But the Yellow Pages of your phone book can! Whether it's something for the kitchen or the garden, inside, outside or all around the house, you're sure to find it listed in the Yellow Pages of your phone book.

"It's so easy to use the Yellow Pages, too. Just turn to the heading that describes what you want, and there are the names, addresses and phone numbers of reputable firms that sell it, service it or do it. You'll find dealers for brand-name products under the trademark heading.

"The nicest thing about the Yellow Pages, of course, is that they don't cost a penny. You already have them in your own home. So next time you're looking for something, take this advice from HOME: Look it up in the Yellow Pages!"

—Adv.
