TIRE OF PAIN?
If so, you will appreciate our health message here today—because we have set to find anyone who can truthfully say that they really enjoy pain.
Pain is an indication of inflammation, unless due to trauma or severe injury to the part affected and the CAUSE should be located and removed with specific adjustment. Even in pain related to toxic and infectious conditions, wonderful results are obtained when other methods fail. If your pain will yield to our Therapeutic Health Service, we will be only too glad to tell you so.
