LONDON, Feb. 5 (AP)—The great thaw set in today over much of shivering Europe but the tail end of the country's worst cold wave brought continuing hardship to millions of families.

The known death toll climbed to 147 on the sixth day of the now subsiding Siberian blasts which wreaked millions of dollars in damage across Europe, even down to the sunny Mediterranean.

The deep freeze persisted in France and Italy. Moscow reported sinking sub-zero temperatures and primary school children there were warned to stay home.

Plumbers Benefit In thawing Britain the loud noise was the drip, drip, drip of water seeping from burst frozen pipes in thousands of homes.

Deaths attributed in one way or another to the weather were counted as follows: France 42, Britain 16, Italy 20, Denmark 11, Germany 10, Turkey 10, Austria 6, Holland 4, Switzerland 4, Yugoslavia 2, Spain 2 and Belgium 1.

Temperatures in northern Germany were rising but still around freezing point. In the south, it was snowing. Scores of families at Villshofen in Bavaria remained homeless after an ice jam on the Danube caused an overflow that inundated 250 homes.

In Sweden, Stockholm enjoyed a brief look at a bright sun shortly after noon. Snow continued to fall on the northern half of the country and the mercury dropped to 10 below.

In Greece, blizzards foiled attempts by army planes to drop food supplies to snowbound villages in the northeast. Pilots reported seeing through the outskirts of several villages.

GRAHAM TOUR HAILED

NEW DELHI, India, Feb. 5 (AP)—Billy Graham's tour of India was credited today as successful in stirring new religious interest among Christians in this largely Hindu country.

This view was expressed by Indian and foreign church leaders, diplomats and other observers, regardless of whether they agree or not with his message. Graham has completed the third week of his visit.

Graham, holding his second public meeting in New Delhi today, drew about 15,000 to the lawns of the local YMCA, where he delivered his plea for redemption to Christ.

Graham told his audience—which included many Americans and some diplomats—that he came to India "to learn something, Indian history shows you are sensitive to spiritual movements and answers to the world's problems is spiritual and not material."

QUESTIONS & ANSWERS

Q—Do fish drink? A—Ocean-dwelling bony fish do. And recent experiments indicate that at least some freshwater fish also regularly swallow water.

JAPAN PLANS DEFENSE

TOKYO, Feb. 5—(AP) Defense Chief Naka Funada says Japan hopes to expand its ground forces to 180,000 men by 1960.
