Just at the crucial moment,
Nora gets amnesia. It is the un-
happy result of good work on her
part, too, for she has just suc-
ceeded in getting invaluable in-
formation for one of Nick's most
important cases. The story is
the hi-jacking of truckloads of
aluminum and will be heard on
"The Adventures Of The Thin
Man" program at 8 p. m.

Detective Nick Charles leaves
Nora at home when his friend,
Sheriff Ebenezer Williams, calls
him in to solve a mystery of na-
tion-wide importance. But he tel-
ephones his glamor-brained
spouse for help and Nora gets
busy. The result is a mad scram-
ble with Uncle Sam coming out
on top, Nora coming out of her
disrememberdisease and Nick
playing doctor, with brickbat
technique.

Nick Charles, The Thin Man, is
played by Les Damon; Nora
Charles by Claudia Morgan and
Sheriff Ebenezer Williams by
Parker Fennelly. Himan Brown
directs.

The best in popular North and
South American melodies will be
sent to our neighbors below the
Rio Grande in a new series of
weekly programs over shortwave
stations, WRCA and WNBI, start-
ing Wednesday at 9:15 p. m.,
EWT.

The series, titled "Our Musical
Chain," will use as its theme a
composition called "Union," by
the Victor recording artist, Pedro
Flores.
