Meat-Hungry Thief Takes 75 Chickens

A thief attempted to solve his meat rationing problems Friday night when he took about 75 chickens from the Kapec orchard farm, Route 2, Martin P. Kapec reported to county police Saturday.

The chickens were 4-months-old New Hampshire reds, and weighed about 4 pounds each, Kapec said.

He also reported three bushels of apples stolen, valued at \$10.

Trinidad planters cannot get enough sugarcane cutters, and much of this year's sugar crop has been lost.
