# Gray Hair?

### Simply wet it with Canute Water

A few applications will completely re-color it similar to its former natural shade. IN ONE DAY — IF YOU WISH. Then primp just once a month and KEEP it young-looking. Canute Water is not a tint or rinse that washes off. Shampooing actually improves the rich, warm new color and leaves your hair fresh, clean and natural to the touch. You may even curl it or get a permanent, if you wish.

Leading dealers in most of America's largest cities sell more Canute Water than all other hair colorings combined!
