tor in your determination to become an accountant? Answer: No, I was chiefly interested in working with mathematical 3. Do you plan to take law? An-

wer: Yes, it is my understanding that there are less than a dozen C. P. A.'s in this state with that type of training so my chance for placethe Wisconsin experiment station, ment would be much better with a training of this kind. Then Dorothy Thompson, Journalist, answered these questions. 1. Why do you think that there is a place for women in journalism Ans.: If there were not a place for women in journalism how would we have such outstanding women as Ruby Black and Dorothy Thompson? Then, too, half the population of the United States is composed of women and I don't see why they don't have as much right to express their thoughts on paper as men do. 2. What type of journalism do you intend to enter? Answer: I have not yet decided, but as I cussed by Dean F. O. Holt, Almere progress through school I hope to be able to look into each phase more deeply so that I may determine for which type I am best suited. 3. Do you think that a journalist can be a good one and still be married Answer: Yes, I think you can and that is one reason why I like this pro-fession. The style of writing might be slightly altered but I think you could be just as good a journalist. 4. Is it because of your name that you decided to become as journalist? Huey Long's bodyguard. the roughest and toughest guy you ever saw. He'il tear the hall down. Roy Rickenbacker is going take him on. He must be a game guy to do that. Jack Clayborn is on the card too. He is taking on Gorilla Grubmier. This Gorilla is tougher than whalebone. The first bout will get under way at 8:30 Wednesday night at the Eagles hall. GOOD FELLOWS I have got to call on the boys and girls for help for them

Christmas baskets and needy things for the children. You would be surprised this thing has grown so big that it is an impossibility for me to continue to do this alone unless I get an awful lot of help. Every year it gets bigger and bigger. It is not only a Christmas affair with me but it is all year around program. Besides the baskets and clothes for some of the poor kids there are all those parties that I put on for the crippled children in the summer and winter months. cost a lot of money to put on for fifty children at the hospital. They have ice cream and ests, entertainment and all that runs into big money. Get some shoes for kids at different times and other things that you don't know nothing about and to continue it I'll have to have help that is all there is to it. Now all the good fellows and women that want to help me for these baskets and shoes and things for the boys and girls I'll certainly appreciate it. It is an all year around program with me not only at Christmas time. All the good men and women that can help I will appreciate it. I'll have to have help though that is all there is to it. I'll explain this all more as I go along up to Christmas time. Whatever you can help me with you can sure figure that you are doing mighty good turn toward a good cause. Mail the checks direct to me.
