You'll fill the doctor's "prescription" perfectly with adequate, vented, automatic natural gas heating. You'll like gas heating for other reasons, too-for its cleanliness, its dependability, its low cost. Heating the home is only one of the many jobs natural gas does for you-efficiently and economically!

Natural Gas Service Is a Planned Service

Gas company technicians are continually exploring for new gas fields, drilling new wells, building new processing plants and compressor stations, and laying hundreds of miles of new pipe lines. This is all part of the service—costing the gas industry millions of dollars each year—that assures Gulf South residents a continued supply of the world's finest fuel, for only a few cents a day.
