MENTATIVE APPROVAL of George C. McConaughy to be a member and chairman of the Federal Communications commission. The Senate Interstate Commerce committee today approved, on what Senator Monroney (D-Okla) immediately predicted that the nomination definitely falls within the "controversial" category. Democratic leaders in the Senate agreed Tuesday that no controversial nominations would be approved.

Open Every Day, Including Sunday — 8 A.M. to 6 P.M.

*We Invite You
To Visit Our
Newly Completed
Addition --*

FLOWER SHOP

Our service to gardeners and homeowners is now complete with this new addition. **RUDY HANSEN**, who has been with us for many years and has always displayed a natural talent for this work, will manage this new service. During the past summer he attended the New York school of Floral Design and was trained in all types of unusual floral designs . . . including corsages, floral pieces, wedding bouquets, and the like.

POTTERY ROOM

We have enlarged our pottery section. Here you can find all types of containers and accessories for gifts — or for your own personal use.

TERRACE ROOM

Here, in a pine panelled room you will see wrought iron plant stands, wall planters, planter lamps, garden books, and countless interesting items for gift giving.

AUDITORIUM

This is the first such undertaking of its kind in New England. We are offering this spacious room, complete with kitchen, to any gardening organization free of charge, for such affairs as lectures, demonstrations, general meetings, etc. We intend to have our Christmas display in this 70' x 32' room.
