## Michigan Vets Bonus Offers 270 Million

LANSING, Mich. — (U.P.) — Michigan now is ready to pay a \$270,000,000 cash bonus to veterans of World War II.

An estimated 600,000 ex-servicemen and 16,000 widows, children, or surviving dependent relatives will be eligible to share in benefits.

Veterans who served honorably in the armed forces between Sept. 16, 1940, and June 30, 1946, will be paid at the rate of \$10 for each month of domestic service and \$15 each month of overseas service up to a maximum of \$500.

In addition, the state will pay a flat \$500 death benefit to the widow, children, or dependent relative of any veteran who died in service or who heretofore dies of service-connected causes. Wives, regardless of remarriage, or children need not prove dependency, but parents, brothers or sisters, or guardians must show prior dependency to claim the death benefit.

Applicants must swear they were residents of Michigan at the time of entering service.

## Payment This Summer

A staff of 300 workers has been organized and headquarters for bonus-paying machinery has been set up in Lansing.

Adj. Gen. LeRoy Pearson estimates it will take from 30 to 90 days to process applications in order of receipt. Officials expect the bulks of checks will be issued in June and July.

Veterans may make claims over a two-year period, but the death benefit feature of the bonus act will continue indefinitely. Under terms of the law, a veteran may collect his bonus now and if he at any time later dies of service-connected causes his heirs may claim payment of \$500 less the amount the veteran himself now receives.

Officials estimate the average payment will be between \$260 and \$275.
